Founder & CEO

Samaritan's Fellowship Foundation

A Vision Rooted in Compassion. A Mission Driven by Hope.

Welcome to Samaritan's Fellowship Foundation.

Our journey began with a simple belief: every person deserves to live with freedom, dignity, and the opportunity to build a better future. What started as a small act of compassion has grown into a movement dedicated to creating lasting change in the lives of people across Pakistan.

We don't just believe in providing help—we believe in unlocking potential. That's why our work goes beyond temporary relief. We build pathways to self-reliance through education, healthcare, clean water, protection of rights, and sustainable livelihoods.

None of this would be possible without the trust of our partners and the generosity of our supporters. Together, we are building stronger communities, restoring hope, and creating a future where every individual can thrive.

I invite you to walk alongside us in this journey of transformation. Together, we can turn compassion into impact—and hope into lasting change.

Thank you for being part of this mission.

**Together, we are building a just,
empowered, and hopeful future.**

Our integrated, community-led model brings together human rights, democratic participation, education, healthcare, clean water, sustainable livelihoods, and local leadership to address the root causes of poverty, inequality, and social exclusion. By investing in people, strengthening local leadership, and promoting social entrepreneurship, we develop sustainable solutions that help communities become more resilient, self-reliant, and capable of shaping their own future.

WHAT WE DO

Every community has the potential to thrive. Yet poverty, injustice, poor health, unsafe water, and limited opportunities often stand in the way.

Samaritan's Fellowship Foundation Pakistan (SFFP) works alongside communities to remove these barriers by bringing together **human rights, education, healthcare, clean water, sustainable livelihoods, and local leadership.**

We believe lasting change happens when people have the knowledge, opportunities, and confidence to build a better future for themselves and the next generation.

FREEDOM. DIGNITY. OPPORTUNITY. FOR ALL.

GOOD SAMARITAN

*Inspired by Christ. Driven by Compassion.
Motivated to Serve.*

LUKE 10: 29-37

DOING LIKEWISE AND MORE

The **Parable of a Good Samaritan** is found in the Gospel of **Luke 10:29-37** where a man going from Jerusalem to Jericho is attacked by robbers who strip and beat him. A priest and a Levite pass by without helping but a Samaritan stops and cares for him; provides transport to an inn and pays for his personal and medical care.

Samaritans were outcast people, yet this man helped him because **his heart was filled with pity**.

After describing how the Samaritan rescued a hurting man whom others had passed by, Jesus told his hearers, **go and do likewise**. This gives a clear picture of God's desire for us to help others in desperate need. This is the mission of Samaritan's Fellowship—to follow the example of Christ by helping people in need, restoring human values, and proclaiming the hope of the Gospel.

Wherever we go, we offer more than help. We offer hope and comfort to suffering people in a broken world. We respond to the emergencies and crises and are quick to bandage the wounds we see. In addition to meeting the immediate emergency needs, we share God's love in practical way to every single life.

**SAMARITAN'S
FELLOWSHIP
FOUNDATION**

OUR MISSION

Samaritan's Fellowship Foundation Pakistan (SFFP) advances freedom, dignity, and opportunity by building integrated, community-led ecosystems that address the root causes of poverty, inequality, and exclusion.

Through human rights, healthcare, education, clean water, sustainable livelihoods, and local leadership, we empower marginalized communities to become stronger, more resilient, and self-reliant.

Working alongside communities and strategic partners, we create measurable, sustainable, and lasting impact that extends far beyond emergency relief.

OUR VISION

We envision a Pakistan where every person enjoys freedom, dignity, and opportunity, and where resilient communities lead their own development.

A society where human rights are upheld, democratic participation is active, quality education is accessible, healthcare reaches all, clean water is available, livelihoods are sustainable, and inclusive leadership drives lasting change for all.

OUR VALUES

Freedom – Every person deserves to live free from exploitation, discrimination, and fear.

Dignity – Every individual has inherent worth and deserves respect.

Justice – We promote equality, human rights, and social justice for all.

Integrity – We uphold the highest standards of transparency, accountability, and responsible stewardship.

Community Leadership – Lasting change begins when communities lead their own future.

Innovation – We embrace research, learning, and locally driven solutions to create sustainable impact.

Collaboration – We work alongside communities, partners, and supporters to achieve greater impact.

Every donation is managed with integrity and used responsibly. We believe you deserve to know how your generosity is creating meaningful, measurable impact.

Real Impact

We keep our supporters connected through project updates, photos, videos, and stories from the communities they help transform. You'll see the difference your support makes.

Sustainable Solutions

We invest in deep water wells, filtration systems, and community ownership to create long-term solutions. Our goal is lasting change—not temporary relief.

Community Partnership

Every project is planned and implemented alongside local communities. By involving community members from the beginning, we build ownership, responsibility, and long-term sustainability.

Accountability

We continuously monitor every project to ensure it remains operational and continues serving families for years to come. Our commitment is to deliver lasting impact with transparency and care.
